### Bernie Soltis Elected TASC Queen Candidate

Bernie Soltis, senior, was chosen Toledo Area Student Council queen candidate by vote of the entire school, Friday morning, Oct. 20.

Miss Soltis was selected over four other senior candidates: Mary Dore, Diane Dunn, Sandy Faykosh, and Sue Salpietro. The five girls were nominated at a Student Council meeting Oct. 12.

Miss Soltis will be judged at a Tea on Nov. 16 at 1 P.M. on her poise, personality, and knowledge of current events.

The queen will be announced at the annual TASC dance.

This year's dance, "Twilight in November," will be at the Commodore Perry Ballroom from 8-12, Nov. 25.

Price of bids before is \$2.50 and \$3.00 at the door.

The "Missing Links" will provide the entertainment.

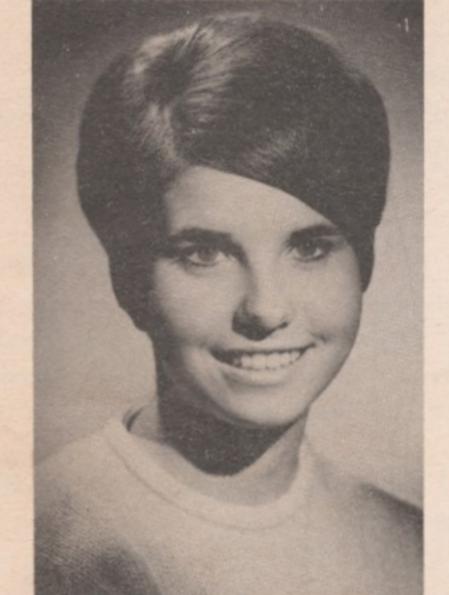

The traditional fall dance is the first major event sponsored by TASC in November.

### Reading Circle Offers Diploma

In order to provide additional incentive for the students to participate in a program of reading, the Ohio Pupils Reading Circle has authorized a very attractive diploma.

It is appropriately worded, measuring 10 x 13 inches, and is printed on fine quality, 24 pound paper. There is a space provided for four gold scals which are awarded in subsequent years.

According to Sister M. St. Anne, the moderator of the Future Librarians Club, a seal will be granted to each freshman, sophomore, and junior who has read three of the books offered for his grade and the diploma to the fourth year student.

### EDITORIAL COMMENT

## Time For Rededication

This Sunday is the sixth anniversary of the dedication of Cardinal Stritch High School.

This would be a good time to rededicate ourselves to the principles on which the school was founded.

These principles include: a curriculum consisting of courses necessary for our day and age,

Religious and moral training receiving constant attention,

Education geared to the philosophy of man's origin (from God), nature (rational animal), and purpose (know, love, and serve God),

A co-relationship between faith and science,

The imparting of wisdom inherited from the ages.

By these principles, we are to keep pace with progress and meet the challenge of the future.

We have these principles; they apply to us. Let's be thankful for them and remember them.

## Thanks, Gridders

These words from a well-known cheer sum up the Student Body's feelings toward the football team.

4-4-1 record . . .

Yes, it's been a rewarding season.

So now let's throw our support over to the basketball and wrestling teams which are just as important. Show the same spirit we did for the football team and we're bound to come out on top.

It takes more than just Friday-eighth period-type spirit; it takes real, genuine all-week-spirit.

Thanks again, football team, for giving us seniors a season to remember!

## Freshmen Heed Words Color Day Festivities Participation Gratifying

- by JOHN TSCHERNE .-

I was greatly impressed with the entire school's participation in the recent Color Day. Each class, along with the Student Council, worked hard to create the spirit that Color Day is supposed to create. For the first time in a long time everyone worked more and mocked less. Many thanks go to the class moderators for all their help and suggestions about the decorations.

On October 27, members of Essence staff traveled to Bowling Green State University for a newspaper workshop. Staff members of The Blade conducted the sessions which included editorial page layouts, newspaper makeup, photography, headline writing, sports writing, and feature writing.

Congratulations to members of the Camera Club who built pinhole cameras from film boxes at their Oct. 19 meeting. The students worked in groups of 4 or 5 and each group made one camera.

Sr. M. Giles, art supervisor for the Toledo diocese, was guest speaker at an Art Club meeting, Nov. 3. She gave a demonstration of the Potter's Wheel.

It was very gratifying to see that the freshmen heeded the words of the freshmen election editorial in the last issue of Essence You have made excellent choices. Congrats to the new officers- Presidents David Dusseau and Phyllis Bihn; Vice-Presidents Kirk Packo and Kathy Miller; and Secretary-Treasurers Don Krompak and Daveen South.

My congratulations go out to Bernie Soltis, senior, TASC candidate. All Toledo area schools are invited to the dance, Nov. 25, so support our candidate!

Be sure and support our Harvest Festival tomorrow and Sunday. Juniors and Seniors support your individual booths!! Let's see everybody there!

## Your Turn, Pep Club

Now that football season is over the responsibility of keeping the spirit hot or of rekindling it lies mainly with the Pep Club. During football season, spiritwise, it was mostly up to the individual.

The Pep Club's purpose of promoting spirit throughout the school will be executed by skits at the pep rallies, posters on the corridor walls, and collective cheering at all basketball games.

In the past, this organization has been mediocre in its activities and fulfillment of its purpose. We remember one game last season when, out of about a hundred girls, only 33 showed.

More organization is needed.

Perhaps assigned seats, less running around during halftime, and insistence on consistent attendance and promptness are the answers. Remember, girls, we are the heart of the spirit at those games and if we run down the others will follow suit.

And what about the other winter sports? The Pep Club sitting together at our home wrestling matches is a nice thought.

### LETTERS TO THE EDITOR-

Dear Editor,

The idea of keeping silence on the day before the St. Francis game was a good one. It made everyone think of the game whenever they were reminded of the purpose of the silence. As a result, everyone was up for the game.

There is no doubt that most students would have been ready for the game, but this plan increased the fervor with which the students cheered both at the game and at the rally.

I also believe that the players were better prepared for the game because they had been concentrating on it throughout the day. Stritch spirit was very well displayed as a result of "Mum's the word."

> Sincerely, Becky Martin, '68

Editor:

For the past six days, we the business staff of Existence have sold subscriptions to the student body for the 1968 edition of the yearbook.

I would like to point out, very sincerely, that we needed the support of the entire student body. Not many people realize the amount of time and work that goes into producing a yearbook. Many dedicated students give up extra time, energy, and sometimes money, to put out a very good book. The staff also recognizes the fact that the price of a yearbook has risen to \$6.00, and that that is a lot of money for an annual.

Therefore, we have devised a system, as many already know, whereby a student may put just \$1.00 down and pay \$1.00 a month for the next five months.

Finally, I would like to thank the people who helped sell the unch periods and, above all, every student who bought a subscription to Existence '68.

Sincerely, Tom Santoro Business Manager Existence '68

Well its' good-bye once again to the football season. Farewell to everything except the unforgetable memories. Touchdowns, long passes and first and ten, are past feats now.

Congratulations to coaches, players, cheerleaders, band and, last but not least, students for a successful season.

Cardinal Stritch's future channel is turned to "Raiders Ride Again" and "Zak's Roundballers Bloop the Hoop'; so keep tuned to the Spirit line for the premiere.

Sorry! Cheerleaders you now have to start searching your closets for something to wear on Friday like the rest of us plainclothes men. (For a couple of weeks, anyway.)

## Football Reviewed In Instant Replay

Football season being over, let's take time out for an instant replay of the past season.

The season started with Waite and the team went into the game with the anxiety of being the first team ever to play our East Toledo neighbors. The game ended and the Redbirds came out on top. 20-0.

After a 20-20 draw with Lima Central Catholic, the Cardinals traveled to Fremont to play the St. Joseph's Streaks. Coming out on the field in a 12-12 deadlock the Stritch "11" proceeded to dominate the game by racking up 21 more points in a 33-12 victory.

At the scouting report the next day, Coach Veith found it hard to convince the team that the Anthony Wayne Generals were tough and, after Friday nights' homecoming game the Cardinals had convinced him otherwise as they rolled over the Generals,

29-6. After two cliff-hanging defeats with Sylvania and Wauseon, the Cardinals went into a game with Clay as underdogs. They kept the Eagles caged, however, as they scored on the first play from scrimmage and went on to a 34-18 romp.

The last two games were with Port Clinton and St. Francis and being without first string Quarterback Bill Kamelsky, the

fighting Cardinals went down to defeat 36-33 and 25-6

20th Century Invention Makes It Easier To Stop

by JUDI TARSHA

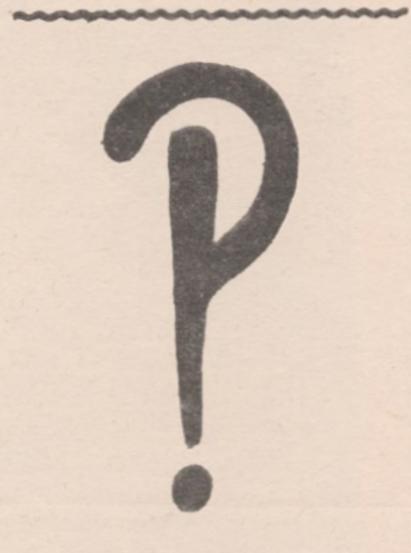

The 20th century space age is symbolized by confusion, rushing, and noise-all of which has moved some people to describe present day living is this simple phrase: "a big bang!"

Well, writers and English students are now, or soon will be, contending with another bang. I'm referring to the first punctuation symbol to enter the printed language since the 17th century, the interabang.

The interabang, included in a new American Type Founders type face called "Americana," resembles a combination question mark and exclamation point. It is used to punctuate expressions which are put in the form of questions, but are really intended to be exclamations. Incidentally, the word interabang is made up of two words: interfrom interrogation and bang, printers' slang for an exclamation point. It is used after statements such as "How about that" or "Will you please shut up."

The interabang was invented by Mr. Martin K. Speckter,

much to the delight of almost everyone except for students who are very poor in English. Maybe they ought to write to the American Type Founders Co., Inc., who patented the intera-

bang, and say "Who do you think you are?!" or "What the heck did you go and invent that crazy thing for when I haven't learned to master the period or question mark yet;"

But I'm sure it will satisfy the needs of most writers. After all, writing has changed so in the past few years that even slang and other devices are being used in writing. Therefore, it only seems right that we have the interabang to symbolize an even greater change in writing.

I'd even go so far as to say that soon there will be certain punctuation marks designed primarily for the pattern or way in which a person speaks.

But for now writers will just have to be satisfied with only the interabang and either use it or disregard it. As for me, I think it is quite clever and very

### New Answers To Old Question: 'What's Happiness?'

by MARY CURLEY

Picture a small boy, a thumb in his mouth, a blanket wrapped around his shoulders, and his dog by his side.

Would you believe this description portrays Linus, the nationally famous friend of all us comic lovers.

If you've associated these things with him, then you'll automatically think of the world happiness.

Happiness to Linus is security and survival in this totally versatile world in which we live.

Maybe his theory has its points, but to stand out in our society, it takes a lot more than self security to define true happiness.

Are you in the winner's circle with happiness?
